Hello JANUARY

2022 Recap

USI staff are beyond thankful for surviving 2022! We learned so much and accomplished great things despite of the various inevitable challenges that came along. We look forward to the New Year and wish you all the best in 2023 and beyond!

As New Orleans Traffic Engineers and Transportation Planners, Mardi Gras is a HUGE deal and just around the corner! Here are a few fun “Traffic Hacks” to avoid the busy streets during Mardi Gras:

Traffic Hacks:

1. Find a local and listen! They know when and where the parades will be. [Click here for Parade Schedule & Routes 2023](#) before contacting your favorite New Orleanian to ride with and/or follow to their family's spot.
2. Travel in one car. It requires less parking and provides safety in numbers.
3. Check out Google Map options before you leave to become familiar with potential alternate routes if you run into traffic and/or for the easiest exit once the parade ends.
